

**THE ORLEANS HOTEL & CASINO  
LAS VEGAS, NEVADA  
OCTOBER 13-16, 2009**

The International Federation of Denturists (IFD) is an incorporated professional association comprised of member countries whose interest is the advancement and enhancement of Denturism. It was formed in The Netherlands in 1956. There are currently 18 member countries representing 6,000 Denturists. Of these members, several have enjoyed recognition of the profession for many years, for instance Australia, Canada, Denmark, Finland and The Netherlands. The United Kingdom received legislation in 2007. Other member countries are diligently working on the proper legislation for their profession. In addition, the IFD is in contact with many other countries to offer our assistance, when welcomed to do so. The IFD started as a place for communication and networking. It has developed into an active and proactive resource in education and communication.

The International Federation of Denturists (IFD) and the National Denturist Association of the United States (NDA) are co-hosting the 6<sup>th</sup> World Symposium on Denturism. The Symposium is expected to attract 400 Denturists and other Dental Professionals from the United States, Canada, the United Kingdom, Europe and Australia. There will be three days of continuing professional education with topics ranging from Dentures over Implants to Oral Health. An Industry Showcase will be held on October 15 and 16 which will provide another significant educational opportunity for attendees as they discover the latest in technologies and services that will enhance professional practice. The IFD, NDA and the Denturist Association of Canada will hold their annual meetings during the Symposium. Special events will include a Golf Tournament on Tuesday, October 13, a Welcome Reception in the Exhibit Hall on Thursday, October 15, a Closing Dinner and Entertainment Evening on Friday, October 16, and a Poker Tournament following the Closing Dinner.

Ample opportunity will be provided for industry sponsors to display and discuss their latest products and services. Opportunities to mingle with conference attendees have been built into the agenda of the conference. An Exhibitors Information and Exhibitor Registration package will be available on our website in March 2009.

We respectfully ask you to review the accompanying documents describing the benefits of commercial sponsorship. We sincerely look forward to your attendance and financial sponsorship of this World Symposium. With your support, the Symposium will attain significant milestones to serve the needs of our members and the patients they care for.

We look forward to your involvement and support of the 6<sup>th</sup> World Symposium on Denturism.
